Ms. Heather Gray Torres, Chief  
U.S. Environmental Protection Agency Region III  
Site Remediation Branch #I (3RC21)  
1650 Arch Street  
Philadelphia, PA 19103

**RE: Transit America Inc. Golf Course Redevelopment Project**

Dear Ms. Torres:

This will serve to update you on Transit America's golf course redevelopment project since our April 17, 2000 status report.

Our environmental remediation projects pursuant to the Pennsylvania Land Recycling Act are now complete and Transit America has received approval from the Pennsylvania Department of Environmental Protection of all its final reports demonstrating attainment of clean up standards for the project.

If you have had occasion to drive by the site, you may have seen the progress which our golf course construction company, George E. Ley Company, has already made. We expect the course will be ready for play in the summer of 2001. Transit hopes to sell the golf course by the time the golf course is ready for play.

We will continue to make every effort to minimize the possibility of disruption to the community as we complete the construction phase of our project.

We remain available to answer any questions you may have regarding this project.

Very truly yours,

**TRANSIT AMERICA INC.**

Robert S. Hyams
